

# bringing stories to life

Playworks will be delivering three Story telling workshops over the coming months. This is to promote Nottingham City Council's Year of Reading

## Story telling workshop

Tap into children's innate curiosity about the world around them, by engaging them in creative story telling.

A basic prop, such as a bucket and inspiration from an imaginative children's book, can provide the children with limitless activities.

This workshop will introduce delegates to how story books can become an imaginative exploration of colour, texture and creative interaction.

These workshops will be delivered on the following dates

- Mon October 10th, 10am - 1pm
- Fri January 20th, 10am - 1pm
- Thurs February 16th, 1pm - 4pm

To book a course please contact
